

Write a Thank You Letter to a Medical Professional!

During this COVID-19 Pandemic, essential workers and medical professionals such as doctors/nurses, first responders, bus drivers, and grocery store workers have been at the frontlines, risking their lives to help us and keep us safe. You can help out these workers by continuing to social distance and follow guidelines and donating Personal Protective Equipment (PPE). You can also show these heroes some well-deserved appreciation with a thank you letter or email. Use the following example letters as a guide to write your own! Please use this address when you write your letter: 1100 W. Stewart Dr. Orange CA 9286. Make sure that you don't use any personal information.

Dear (Medical Professional),
Thank you for your continued courage and dedication during these difficult times! I appreciate all your efforts everyday to keep us all safe, you are a real hero!

THANK YOU
HEALTHCARE WORKERS

Dear (Essential Worker),
Thank you so much for supporting our community during this pandemic. I know your job isn't easy, so thank you for all your hard work and efforts, even when times are difficult. We appreciate you!
