

EARN THE

# Mask Making PATCH!

Wearing masks is one of the best and most important ways to protect yourself and prevent the spread of COVID-19 during this pandemic. Making your own masks or donating masks is a fun way to help out front-line workers and stay safe.

We challenge YOU to use what you've learned to teach someone you know how to make their own mask and earn the special Mask Making Patch!

Make sure to post about it on our instagram, facebook, or padlet!
